The Official Gateway 2030 Newsletter - December 2021

VISIT MINISTER OF TOURISM, DANGUI ODUBER

On October 29, 2021, Mr. Dangui Oduber, Minister of Tourism visited the Gateway 2030 Phase 1A construction site to view and receive an update on the project's progress. Minister Oduber met with AAA CEO Mr. Joost Meijs, Director Development & Technology Mr. Shensly Tromp, Resident Engineer Mr. Gerard Turk, Project Director Mr. Henny Balentin and Project Director ABC Project Venture Mr. Luis Oduber.

With a view to the future, Minister Oduber and AAA CEO Mr. Meijs talked about the detailed scope of the Aruba Airport future requirements and future phases of the Gateway 2030 project.

MAIN ACTIVITIES NOVEMBER

During November two important milestones were reached, namely the start of concrete pouring of the footings of the new Baggage Hall (Building HC) and the start of concrete pouring around the sheet pile wall. The execution of the screw piles also continued during the month of November while the last works in the temporary wall in the US Check-In Hall were being executed for the exterior wall to be demolished.

PMO SITE OFFICES EXPANSION

As the Phase 1A project is evolving so is the PMO family which resulted in the expansion of the PMO Site Offices. The expansion entailed a building of 10 containers, which were turned into offices. The offices are occupied by the Team Managers of the several disciplines, Technical Manager, Scheduler, Document Controller and Resident Engineer. The three stand-alone offices were connected through a deck and a new parking area was made ready for the PMO Team to park their cars. Additionally, a covered area was developed, which the Team uses during lunch hours to have a meal together and converse on multiple topics. You are hereby invited to come and join the Team for lunch or a coffee break at the PMO Site Offices.

FAREWELL SURPRISE: ANNA DUBERO – VAN LEEUWEN

The PMO Team organized a Surprise Farewell and Baby Shower for Mrs. Anna Dubero – Van Leeuwen, Team Manager Civil Works. In view of Anna's career trajectory with AUA Airport, AAA's CEO and CFO shared some nice words thanking Anna for her hard work, dedication and professionalism, especially with the Apron Projects. The PMO Team wishes Anna, her family and her new Baby Girl a wonderful journey and all the success with their new endeavors.

INTRODUCTION NEW PMO TEAM MEMBER: SANNE BUISMAN - TEAM MANAGER CIVIL WORKS

On November 1, 2021, Mr. Sanne Buisman joined the PMO Team. Sanne took over the role of Team Manager Civil Works of Mrs. Anna Dubero – Van Leeuwen. Sanne has been living for more than 10 years in Aruba. He came for a job, met the love of his life, and made Aruba his new home. Sanne started his career on the island with Albo Aruba N.V. and afterward joined the C2 Civil Construction team as Head of Engineering and Planning Department.

WHAT'S NEXT?

- Continue concrete pour in the sheet pile wall and footings of the new Baggage Hall (Building HC)
- Start demolishing the existing exterior wall in the US Check-In Hall
- Conclude concrete pouring in the screw piles
