

ARUBA AIRPORT MONTHLY TRAFFIC STATISTICS NOVEMBER 2023

A 10-meter-tall aviation monument in Aruba, crafted over six months, symbolizes 100 years of flight history. Modeled in Colombia and assembled in Aruba, the structure features a steel plane tail for the future and a bronze Curtiss-H16 replica, paying tribute to the first landing a century ago.

A photograph of a mosaic iguana sculpture on a lawn. The sculpture is made of small, colorful tiles in shades of green, yellow, and white. It is positioned on a green lawn with a reddish-brown mulch strip in the foreground. A teal semi-transparent overlay covers the middle of the image, containing the title text. In the background, there are blurred green plants and a building with a white door.
